

LETTERPRESS WEDDING INVITATIONS

In the following pages you will find detailed information for customizing your wedding invitations. Options include paper selection, envelopes, and ink colors. If all of this overwhelms you, we are happy to make recommendations based on conversations we have once you decide to have your invitations custom designed and printed. Don't let all of this information overwhelm you!

On the last pages you will find our pricing guide for common letterpress printing orders. For the sake of simplicity, we've assumed the following details for these prices:

Invitations and announcements are A7 (5" x 7")

Reply cards are A1 (3.5" x 4.875")

Enclosures (such as reception cards or maps) are A2 (4.125" x 5.5")

We're printing on Somerset paper and PaperSource Collection envelopes.

All orders include custom design work when including an invitation package. All prices here are for items printed *with* an invitation package. If items are ordered separately, additional charge will apply.

If you are interested in other paper selections or alternate sizes than those listed above, please contact us for a custom quote.

Please note that because few computer monitors are calibrated perfectly, a real-life Pantone swatch book will show these colors more accurately. Also, due to the hand-made nature of letterpress, slight color variations are to be expected in the final printed piece.

Please don't hesitate to call or email with any questions you may have!

Paper

Our invitation and announcement packages are printed on beautiful and thick 300 gram Somerset paper from England's St. Cuthbert Mill. This 100% cotton paper is stocked in Soft White, White, and Radiant White. Swatches can be seen below.

We can also provide alternate papers. Some recommendations are:

Somerset 500 gsm

If you're looking for an extra thick, extra soft paper, our house Somerset is available in a 500 gsm weight that comes in Radiant White only. Contact us for pricing.

Crane's Lettra

Available in Ecruwhite, Pearl White, and Fluorescent White, Crane's Lettra is a 300 gsm 100% cotton paper that's very similar to our house Somerset. However, because it's not quite as soft as Somerset, it's often a good choice for writing stationery (such as thank you notes and place cards).

Pricing for the 300 gsm Lettra is the same as our house Somerset. For an additional charge, it's also available in a 2-ply 600 gsm variety for those looking for an extra heavy stock. Matching Lettra envelopes are available in all three colors.

Arturo Boxed Stationery

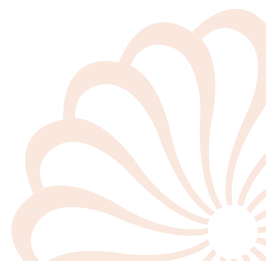

Italian-made Arturo boxed stationery is available in a variety of card sizes, each with four torn edges. This 260 gsm paper is available in several colors: Soft White, Radiant White, Buttercream, Celadon, Lavender, Pale Blue, Pale Pink, and Stone Grey. Printing on Arturo stationery is generally more expensive than on our house Somerset. Contact us for a quote.

Arturo Cover Stock

Arturo cover stock comes in the same weight and colors as the above boxed stationery but is slightly smoother and can be cut to any size.

Stonehenge

For folks looking for a smoother paper that's still soft, Stonehenge is a great option. This 250 gsm stock is available in several whites and earth-tones. Pricing is identical to our house Somerset.
